Embrace the beauty as you drive through the porte cochere of this stately European home. The grand hall is lined with 10" timber posts and welcomes you into the great room. Open to the kitchen and breakfast room, the great room has a fireplace and 3 sets of French doors leading to the massive covered porch. The kitchen has a huge prep island and island bar with a sink. It also boasts lots of counter top space, a walk-in pantry, and a nearby full bathroom. Step inside from the porte cochere to find a kid's nook with a bench, storage bins, and hanging space perfect for a mudroom. The bedroom of the master suite is enormous, offering plenty of design and decorating options, and has a bay window sitting area as well as access to the covered porch. The master bath is designed with a picturesque raised whirlpool tub beneath a window and a huge corner

glass shower with a bench. It also features double vanities, a huge walk-in closet with a window and a second walk-in closet that double as a storm closet. Upstairs are 3 more bedrooms, all with walk-in closets and full bathrooms. The family and friends will love the huge optional home theater with a nearby kitchen and half bathroom. And there's also a large optional bonus room over the garage. How would you customize this amazing house plan?
