Description

The courtyard entry, three car garage, and rustic flair of this home give it wonderful curb appeal. This home offers lots of space and luxury. The main floor features an open concept layout for the great room, dining, and kitchen. The main floor also contains the master suite with large walk-in closet, a guest bedroom with a private bath, and a large laundry room. The lower level of this home offers a large media room and a second master suite that is almost identical to the one upstairs. Another bedroom, full bath, and a safe room are also found on the lower level. There is no shortage of outdoor living space with this plan either. The main floor offers access to a covered front porch and large rear deck. The walk-out basement level provides further outdoor living space with a large patio space.
