### Description

## NDG 403

A stunning addition to our Traditional House Collection, Huntington Avenue pairs arched picture frame windows with a French traditional roofline to create a grand European entry into your home. Deceiving in its facade, this home is both spacious and comfortable. A stunning stairway is centered in the two-story foyer, and beyond is the Great Room, also with a double-height ceiling, and optional gas fireplace. To the left, you will find the Kitchen and Hearth Room sharing one big space. The large Kitchen features an eat-at bar top, and the expansive counterspace continues into the Hearth Room as a wet bar across from another gas fireplace flanked by built-ins. From here, you can enter the Laundry Room, complete with a sink, folding counter, hanging rod, and access to the huge walk-in pantry.

Outdoor living is at its finest in this luxury home, with a spacious covered deck adjoining a screened porch boasting various entry points, including your relaxing Master Suite. Located on the right side of Huntington Avenue, the spacious master bedroom leads into the perfect Master Bath, complete with a corner whirlpool tub, huge glass shower with a seat, dual sink vanity, and massive walk-in closet with a fold-down ironing board! Down the hall, your guests will be happy to find their own private quarters, although this space can also easily be used as a home Study. The upper floor hosts two bedrooms sharing a Jack and Jill bath and a Game Room, which conveniently adjoins a half bath. The basement features a fourth bedroom and hall bath, along with a Pool Room with kitchenette and plenty of storage space. How would you customize this amazing house plan?
