Description

MEN 5291

From award winning home designer Michael E. Nelson comes a new addition to our Traditional House Collection. A beautiful cozy home plan for the traditionalist at heart, Lindey Place features a cozy at-home feel while still boasting an open floor plan and 3 spacious bedrooms. A carport with traditional columns, a beautiful front porch entry, and a siding and shutter combination make for excellent curb appeal. This 3 bedroom 2 bathroom home comes in just over 1,100 square feet and is the perfect starter home for your family.

Open Floor Design

Heading on into Lindey Place through the beaded ceiling entryway, you're greeted with the great

room/kitchen combination. Paired with the breakfast room dining area, this space offers great open entertaining space. With a ton of front facing windows, Lindey Place offers so much natural light potential in both the great room and the breakfast room.

Main Level Master Suite

From the Great Room, you'll find a hall with access to all 3 bedrooms and 1 of the 2 bathrooms. Directly at the end of the hall, you'll find the spacious master suite. With a large walk-in closet and its own private bathroom, this space is perfect to call your sanctuary. Access to the rear of the home guarantees plenty of outdoor living potential. The master bathroom also gives you plenty of privacy with its own shower and vanity.

Bedrooms

Both bedrooms of Lindey Place are luxuriously spacious in offering plenty of space for kids or guests. You can even use one as a private home office. Both offering more than enough closet space, bedrooms 2 and 3 have direct access to the bathroom across the hall. With plenty of natural lighting flooding in, you'll be greeted with sunshine in the morning and great views in the evening.
