Description

MEN 5300

From award winning home designer Michael E. Nelson comes a great addition to our Elk Valley Cabin Collection. Creek Side features stunning curb appeal with its wooden and stone exterior. Earthy tones from the board & batten siding pair nicely with the bold wooden columns and large stone accents. This cabin plan features vaulted ceilings, 2 bedrooms, and the perfectly cozy open layout. Creek Side will leave you feeling right at home with the great outdoor living area featured on the front porch.

Open Floor Design

Leading right into Creek Side from the front porch, you'll find yourself feeling cozy in the vaulted

ceilinged great room and kitchen. With everything you need just steps away at any moment, Creek Side is the perfect weekend getaway or vacation home. Two hallways on each side of Creek Side give access to both bedrooms while also giving way to the laundry closet and shared hall bathroom.

Bedroom

Mimicking the great room/kitchen area, both bedrooms feature vaulted ceilings, ample closet space for your weekend essentials, and easy access to the bathroom through the hallway.

Drawer/cabinet features next to the closets offer great storage potential as well.
