Description

NDG 1475

A stunning addition to our Traditional House Collection, Palisades Court combines style and functionality with affordability. The boxy style of the plan allows it to remain affordable, and the brick and stone siding add to eye-catching curb appeal. Inside, you will find an expansive 10-foot ceilinged open floor plan that keeps to the parameters of a narrow lot. The brief Foyer joins with the Kitchen, which allows for a wide range with lots of counter and cabinet space and features a center eat-at island. Nearby is the Dining Room, where you can fit a nicely sized dining table beside double windows that will give you a lovely view of the right side of the property. After a satisfying meal, move straight into the Great Room and spend quality time with family around the cozy fireplace. Or step outside to the charming Grilling Porch and enjoy the nice weather and great

company!

At the end of a long day, retire to your luxury Master Suite located on the left side of Palisades Court. The master bedroom boasts a beautiful boxed ceiling and easy access to the Laundry Room just down the hall. Moving into the Master Bath, you will love how much space your walk-in closet provides! An optional makeup station between his and her sinks will make those morning rushes a breeze, and the large, enclosed shower will help you relax all your stress away. Through the Laundry Room, you will find yourself in the hallway housing Bedrooms 2 and 3. Adjacent to the Laundry Room, Bedroom 3 is the larger of the 2 and even features a roomy walk-in closet. A hall bath is located between, and Bedroom 2 lies just outside the mudroom entry to the 2-car garage, complete with a bench with hanging storage for easy entries and exits. The 2-car garage may also contain the staircase to an optional basement. How would you customize this amazing house plan?
