Description

Say hello to your new home, SMN 2013 La Quinta Bella, Tuscany Village, where modern comfort meets Spanish and Tuscan refinement. As you approach this large home you'll be stunned by the dark exterior and timeless metal tile roofing. You'll love the 2 large porte cocheres that give access to the side load garage and leave space to park in the front. After parking under the front porte-cochere, you will find a large split-level grand foyer that leaves access to the dining room with an open floor plan. The formal dining room has several unique accents including a coffered ceiling.

Start your journey down the large gallery hallway and enter into the great room with a wood-burning masonry fireplace or move over to the large kitchen that includes a breakfast nook, a hearth room with another fireplace, a beautiful kitchen island/bar, and a second entrance to the upstairs floor. On the left side of the home, you'll find the luxurious master suite with a gas fireplace, a coffered ceiling, and a covered porch. You'll also find plenty of space for any couple in

the bathroom with 2 sinks, a large marble/tile shower, and a his and a her closet. The master suite also includes a covered porch on the left edge of the home.

Make your way to the right side of the main floor and discover a butler's pantry/wet bar in the spacious laundry room. You'll love the second master suite/guest suite with a large bathroom and salon perfect for in-laws or guests during the holidays. The first floor has a 2-bay garage and a storage/safe room.

Journey upstairs to find 3 additional bedrooms and 3 additional bathrooms. The upstairs not only offers extra space to this home but also entertainment! You'll love the upper floor balcony that overlooks the great room for a beautiful view of when guests arrive and the home theater! The upper floor home theater is the perfect space to relax as a family and entertain guests. Sit in the sitting area or kick back on the covered balcony and enjoy the sunset. This floor also offers tons of storage and 3 separate Juliet balconies for a unique point to look out and enjoy the view from your Spanish-inspired home.
