Description

NDG 1277

A stunning addition to our Rustic House Collection, Sunset Ridge has plenty of space and amenities for the whole family. The striking exterior is detailed with stone columns around the large front porch, as well as the corners of the 3-car garage. Inside, the Great Room provides a fireplace and optional built-ins, perfect for an entertainment center. You can also access the large Covered Grilling Porch, which also features a fireplace. Open to the Great Room, the Kitchen offers plenty more gathering space, with a wrap-around peninsula with bar seating and a cozy Breakfast Nook and Hearth Room. A huge walk-in pantry is sure to satisfy all your cooking needs, and the formal Dining Room is easily accessible for quick meal transfers. Down the hall, guests will enjoy the Guest Room, complete with a large walk-in closet and a private full bath. Nearby is the spacious

Laundry Room with “loads” of counterspace and a soaking sink, as well as access to the 3-car garage through a lovely breezeway.

On the opposite side of Sunset Ridge, the Master Suite is nothing short of luxury. The spacious bedroom enjoys lots of natural lighting and privately accesses the Grilling Porch to the right. Continuing toward the front of the home, the Master Bath features two large walk-in closets, a corner whirlpool tub, corner glass shower, double vanities, and a linen closet. Sharing a hallway with the Master Suite is Bedroom 2, which has a private bath and can also easily be used as a home Office. Upstairs you'll find Bedrooms 3 and 4, each with their own walk-in closet and full bath. An enormous Bonus Room/Home Theater/Game Room offers so many possibilities, and there's even a separate computer room. How would you customize this amazing house plan?
