### Description

Nelson Design Group has created a southern traditional duplex plan with the appearance of a two story single family home. The front door leads to a foyer concealing two separate living quarters. Each living quarter has a great room with large closet that can be used as a computer nook, a spacious kitchen with dining area, and a rear access to a patio with storage room. Travel upstairs and find a full bath, large storage closet and two bedrooms – one with a walk-in closet and French doors to the balcony.
