Description

Luxury Custom Poolhouse Designs for Sale

While poolhouses are primarily used as clothes changing and pool equipment storage areas, or in some cases, art or writing studios or workout rooms, they can also feature a more spacious design that allows them to serve as fully appointed homes.

Nelson Design Group is proud to offer Luxury Custom Poolhouse plans for sale that will change the way you think about this unique residential structure. A shining example is our 1484 Result Drive model that seamlessly combines a compact design with a wide range of luxury features and amenities.

This pool house offers a covered front porch with a fireplace, which is perfect for entertaining or taking a break from the pool. Entry from the covered porch accesses the activity room, with a full

kitchen and an eat-at island bar.

A bedroom is off the kitchen with a full bathroom and walk-in closet. A laundry room and a half bath share a hallway from the activity room to the garage with the half-bath having convenient access to outside. A second smaller garage is off the main garage, with a large storage room off it.
