Description

This traditional country-styled home is accented by including stately interior columns throughout. The wide-open area of the main floor gives holiday guests room to maneuver. The great room features a built-in media center and bookshelves surrounding a radiant fireplace and blends nicely with a large kitchen and breakfast room combination. The utilitarian kitchen offers a desk, an island with a built-in grill, and swinging door access to the gallery. An elegant master bath includes a columned entrance to the whirlpool tub located in a bay window. Three window seats and a centrally located computer desk highlight the secondary bedrooms upstairs.
