Description

MEN 5282

From award-winning designer Michael E. Nelson comes a stunning addition to our Country House Collection. Narrowleaf Canyon illuminates all the best elements of rustic design. Strong Craftsman-style touches on this home plan exterior give a striking first look for outstanding curb appeal! Featuring white wooden and stone accents, Narrowleaf Canyon is draped in rich columns framing a spacious front porch and entry. Large box windows frame each side of the door, bathing the front rooms in natural lighting. Narrowleaf Canyon is a spacious rustic home plan with 2,765 sq.ft. of living space. With a main level Master Suite and two bedrooms on the opposite end of the house, Narrowleaf Canyon is a 4 bedroom house plan with 3 full bathrooms and 1 half bath. The 2-bay garage offers ample covered parking with an additional level dedicated to storage!

Open Floor Design

Narrowleaf Canyon begins straight into the open great room paired with a centered dining space. Wooden beams running across vaulted ceilings accentuate the tall stone fireplace that subtly hides the staircase leading to the balcony walkway. Built-in cabinets to the right of the fireplace help encase the rustic focal point of the great room.

To the right of the entry, you find the spacious kitchen and dining area. Overlooking the table setting is a luxurious kitchen, fully equipped with a walk-in pantry and large eat-at island! The spacious kitchen and dining area are both highlighted by surrounding windows, creating the perfect opportunity to cook with a view.

Past the kitchen, you'll find entry to the hallway housing both bedrooms and a bathroom. The hall bathroom features a split layout, offering a double vanity with a separate toilet room, including a soaking tub. On opposite sides of the bathroom sit each bedroom featuring large box windows and extended closet space. Aside from the bedrooms and bathroom, this hallway also features a half bathroom and an entry bench with hanging options, all leading to the 2-bay garage.

Main Level Master Suite

The left wing of Narrowleaf Canyon features the spacious master suite, exhibiting vaulted ceilings echoing the style of the great room. With a private entrance to the rear screened in porch, the master suite offers both indoor and outdoor luxuries. The master suite also features a double

vanity, along with a separate toilet room, large luxurious shower, and his and her closets, all leading into the laundry room, offering great accessibility and ease on laundry day.

Upper Level Living

Aside from the spacious main level, Narrowleaf Canyon also features beautiful balcony overlooks, leading to a spacious upstairs loft featuring the third full bath, equipped with a single vanity, linen closet, and shower! An Unfinished Storage option is available above the garage, sizing out at 503 Sq. Ft.

Customizing This House Plan

Make this house plan into your dream home!

We understand that when it comes to building a home you want it to be perfect for you. Our team of experience house plan specialists would love to be able to help you through the process of modifying this, or any of the other house plans found on our website, to better fit your needs.

Whether you know the exact changes you need made or just have some ideas that would like to discuss with our team send us an email at: info@nelsondesigngroup.com or give us a call at 870-931-5777 What to know a little more about the process of customizing one of our house plans?
