Description

SMN 1077

From award-winning designer Seth M. Nelson comes the newest addition to our European House Collection. With a stone exterior and tiered gables extending to a vaulted entry porch, Chalet Circle offers an elegant curb appeal that is sure to drop jaws. This house plan flaunts luxury without forgetting functionality. A cozy great room equipped with a gas fireplace shares a space with the dining room, separated by a large eat-at kitchen island for casual meals. Enjoy the hidden pantry of your dreams with a vaulted ceiling and more space than you can imagine. Accessible from a sliding door unit in the great room, an outdoor living space under a vaulted covered porch allows for the perfect place to gather and relax outside. The master suite, equipped with a breathtaking vaulted ceiling, occupies the left side of Chalet Circle. Barn doors welcome you into

the perfect master bath, with double vanities and a free-standing tub in front of a beautiful accent wall. A tile shower completes this space, but the real gem is the massive walk-in closet which opens into the laundry room. The opposite side holds bedroom 3 with a private bathroom and walk-in closet, as well as bedroom 2, which has access to a full bathroom down the hall. How would you customize this amazing house plan?
