Description

MEN 5331

From award winning home designer Michael E. Nelson comes a brand new addition to our farmhouse collection, Anderson Farms! This one of kind farmhouse features a wrap around porch, open floor plan, and plenty of room for your growing family. Anderson Farms offers a white siding exterior that pairs nicely with the stone skirt around the porch and stone fireplace extending up the side of the house plan.

Open Floor Design

Directly into the front door of Anderson Farms, you'll find the open great room offering stunning views, a stone fireplace, and staircase greeting you. The country kitchen opens up to the great

room and dining area with a large eat-at kitchen island. A pantry rests in the corner of the kitchen for perfect storage opportunities.

Main Level Master Suite

A stunning master suite rests at the front of Anderson Farms adjacent to the great room. Windows looking out toward the front porch help illuminate the space offered in the master bedroom. His & her closets can be found on each side the hallway leading to the master bathroom. Inside the master bathroom, you'll find two vanities, perfect for couples needing their own space, a free standing tub, a walk-in shower, and a private toilet room for ample privacy. **note that the master suite square footage includes the closet space as well.

Upper Level Living

Head on up the stairs of Anderson Farms to find a spacious optional game room, perfect for entertaining friends, throwing parties, and enjoying family time at home. This proposed upstairs add-on offers an upstairs bathroom as well.
