Description

MEN 5342

From award-winning designer Michael E. Nelson comes the newest addition to our Heritage House Collection. Old Chancellor emphasizes a classic style of stone accents, wooden shutters, and an arched entryway to create an exterior that will please all the old souls out there. The spacious great room opens to the breakfast nook and kitchen, where a formal dining room can also be accessed. A grilling porch offers a cozy place to relax and gather outside. On the left side of Old Chancellor, you will find the master suite, which allows you to access the master bath immediately. Here you can enjoy a glass shower, a free-standing tub, double vanities, and entrance to a spacious walk-in closet. To the right is bedroom 2, which may serve as a guest room, equipped with a walk-in closet. A full bathroom with dual vanities and a kids' nook can be

found down the hall. Upstairs features two more bedrooms sharing a bathroom, as well as a bonus room. The hallway doubles as a balcony, overlooking the foyer and great room below, adding to the grandeur of this home. How would you customize this amazing house plan?
