Description

SMN 2001

From award-winning designer Seth M. Nelson comes a brand new modern house plan. With a combination of brick masonry and board & batten siding, Whitewood Court offers a simplistic and beautiful curb appeal. Through the covered porch entrance, guests are greeted with a cozy foyer featuring a staircase and access to the half bath. A massive great room with fireplace opens to a luxury kitchen, complete with an eat-at island and hidden walk-in pantry, offering the perfect layout for your next family gathering. A covered rear porch below a vaulted ceiling features another cozy fireplace, making for a great outdoor living space. The master suite of Whitewood Court is so extravagant, it deserves its own wing. A stunning vaulted ceiling above the bedroom adds so much value, and the master bath not only features a free-standing tub and tile shower, but also enjoys

private access to a massive walk-in closet and the laundry room. Bedrooms 2 and 3 are located on the opposite side of the home, each with private bathrooms. A bonus room and bath are located upstairs, perfect for an additional bedroom. How would you customize this amazing house plan?
