Description

SMN 2002

From award-winning designer Seth M. Nelson comes the newest addition to our Modern House Collection. London Lane enlists a low slope roof paired with a black-and-white color scheme to create the perfect modern exterior that is sure to turn heads. Inside you will find a functional but luxury floor plan, with a large open space holding the great room and dining area, separated by a large eat-at kitchen island. Tucked away behind a kitchen cabinet, you will find a massive walk-in pantry, giving you more space than you could imagine. Step out onto the screened porch and enjoy an outdoor living space complete with a gas grill, a fireplace, and bar counter with seating. The left side of London Lane holds the luxury master suite. The master bath features dual vanities,

a free-standing tub, and a glass shower, as well as his and her walk-in closets with access to the laundry room. A 3-car garage is also located here, with enough space to satisfy your storage needs. To the right are bedrooms 2 and 3. Bedroom 3 enjoys a walk-in closet and private bathroom, while the bathroom for bedroom 3 may be accessed from the hall. How would you customize this amazing house plan?
