Description

MEN 5372

From award-winning designer Michael E. Nelson comes the newest addition to our Farmhouse House Collection. Magdalen Farms is the perfect plan to accommodate the needs of your family. A classic white exterior paired with wood framing and a metal roof makes for the ultimate farmhouse look, and the inside completes it. The kitchen lies ahead of a massive great room, complete with a large L-shaped eat-at island and a walk-in pantry and opens into a country dining room, perfect for hosting gatherings. This room also allows access to the grilling porch outside, serving as the perfect place to gather. To the left of Magdalen Farms is the spacious master suite, which also enjoys access to the grilling porch. The master bath is sure to blow you away with its luxuries of a walk-in shower, a free-standing tub, and double vanities, and you will never experience having

limited room, especially with a massive walk-in closet. In the foyer is a public half bath and the stairs, which lead you up to bedrooms 2 and 3, each with walk-in closets and private bathrooms. The upper floor also holds a second laundry room and a bonus room, as well as a common area open to the foyer below. How would you customize this amazing house plan?
