Description

MEN 5389

From award-winning designer Michael E. Nelson comes the newest addition to our French Classic House Collection. Aberdeen Place brags of eye-catching curb appeal, with a classic white exterior accentuated with stone and wood shutters and a double-door entry giving a warm welcome to guests. Inside you will find a massive open space containing the great room, dining room, and kitchen, equipped with an eat-at island, a walk-in pantry, and a breathtaking vaulted ceiling. Outside the home is an uncovered wrap-around deck which features an outdoor shower. To the right of Aberdeen Place is the luxury master suite, complete with a vaulted ceiling and two spacious walk-in closets, one of which enjoys access to the laundry room. The real gems,

however, are the double vanities, a free-standing tub, and a walk-in shower making for the perfect master bath. The left side holds bedrooms 2, 3, and 4, which all share a full bathroom equipped with double vanities in the hall. A 4-car garage offers all the storage space you could ask for, and the upstairs enjoys a game room and a half bath. How would you customize this amazing house plan?
