Description

MEN 5354

From award-winning designer Michael E. Nelson comes the newest addition to our Farmhouse House Collection. Ditton Farms puts a rustic take on the luxury home plan. A dark exterior paired with brick trim and craftsman-style framing offers curb appeal that will have anyone remarking on its beauty. A massive great room opens to a cozy breakfast nook, which is separated from the kitchen by an angled eat-at counter. The spacious kitchen holds a walk-in pantry, and access to the formal dining room makes it easy to serve meals. You also have the option to add a center island for even more counterspace. The left side of Ditton Farms holds the luxurious master suite, featuring a breathtaking vaulted ceiling and a large walk-in closet with access to both the laundry room and a perfect master bath, complete with dual vanities, a free-standing tub, and a walk-in

shower. The right side of the home holds the rest of the bedrooms, which all enjoy walk-in closets. Bedroom 3 also enjoys a vaulted ceiling and a private bathroom, which those in bedrooms 2 and 4 may access from the hall. The upstairs holds a bonus room and a half bath, and a cozy grilling porch makes for a perfect place to relax outside. How would you customize this amazing house plan?
