Description

MEN 5392

From award-winning designer Michael E. Nelson comes the newest addition to our European House Collection. Ascott Manor welcomes you in with its grandeur and a stunning portico housing the front door. Inside you will find countless spaces to gather, including a great room and an additional gathering room, each holding a cozy fireplace. A luxury kitchen open to the great room adds to this, as well as the dining area beside it. The real gem, however, is the outdoor living space, which consists of a massive patio and a vaulted ceilinged porch. The master suite of Ascott Manor brags of a fireplace and a breathtaking vaulted ceiling. Double vanities separated by a free-standing tub, a walk-in shower, and access to a spacious walk-in closet make for the perfect master bath, and a second walk-in closet is found across the hall. All other bedrooms each have a

private bathroom and a walk-in closet, and a cozy kids' nook lies just outside bedroom 2.

Bedrooms 3 and 4 are located upstairs, where a balcony overlooking the great room below adds to the luxury of this home. How would you customize this amazing house plan?
