Description

MEN 5395

From award-winning designer Michael E. Nelson comes the newest addition to our Farmhouse House Collection. Jackson Hole Farms creates an eye-catching curb appeal with its dark exterior contrasting against stone trim and wood framing. A front porch large enough to hold a cozy sitting area leads you inside to a massive great room separated from an open kitchen by an eat-at island. A walk-in pantry and a coffee bar are the perfect additions to this home, and an outdoor kitchen allows for luxury outdoor living. The master suite of Jackson Hole Farms features a massive walk-in closet with access to the laundry room, and the master bath offers luxuries of double vanities, a free-standing tub, and a walk-in shower. The opposite side holds bedrooms 2, 3, and 4, which

share a full bathroom to which bedroom 4 enjoys private access. Upstairs you will find a bonus room that is sure to suit any purpose you need, and below is not only a 2-car garage, but also a full RV garage, open from both sides. How would you customize this amazing house plan?
