### Description

# MEN 5396

From award-winning designer Michael E. Nelson comes the newest addition to our Modern House Plan collection. Inglewood Place offers a sleek modern exterior with a functional open floor plan perfect for your growing family. With a unique roof line, curb appeal is the first thing to catch your eye when approaching Inglewood Place. White and Black exterior contrast well with the brown wooden accents framing the modern front door. Tall ceilings on the interior offer a luxurious feel to go along with the modern design. A large master suite offers his and her closets, double vanities, and a free standing tub. The other two bedrooms share a Jack and Jill bathroom, both with walk-in closets. How would you customize this amazing house plan?
