Description

NDG B1062

A stunning addition to our Barna Log House Collection, The Twin Cover is the perfect multi-family house plan for your next investment or living with family or friends! Stone steps pair with timber framing to give you that rustic curb appeal and a grand entry porch. Inside, the Foyer leads way to the Laundry Room, and continuing down the hall, you will pass two sets of stairs, if desired, before reaching the expansive open floor plan. The large Living Room features a corner stone fireplace, as well as access to a charming rear Deck. Two side windows allow natural light to pour into the Dining space, and at the front of the house plan, you will be pleased to find a Kitchen with a wide range and a bar counter with additional seating for five. To the right (or left) of The Twin Cover, the Master Suite has plenty of space and even boasts private access to a rear Covered Deck. The

walk-in closet is sure to hold all the essentials, and the Master Bath continues toward the front of the home, featuring luxuries of his and her vanities, corner shower, and whirlpool tub. Upstairs you will find tons of extra storage space in the attic, as well as a large Game Room with a wet bar. Bedroom 2 is also found here, complete with its own Covered Porch, a large walk-in closet, and a private bath with a whirlpool tub and separate shower! How would you customize this amazing house plan?

NOTE: Barna plans are intended for log exterior walls. Converting these to 2X6 exterior walls requires modification and will be subject to additional modification cost. Contact one of our home plan specialists today to discuss modification requirements by emailing info@nelsondesigngroup.com or calling 870-931-5777
