Description

MEN 5412

From award-winning designer Michael E. Nelson comes the newest addition to our Riverbend House Collection. Millcreek Place is perfect for that vacation getaway you've been looking for! A metal exterior and roof greet you with a rustic feel, while the stone skirt and base columns offer a warm welcome inside. From the front porch you will immediately find yourself in the Great Room, where a cozy fireplace paints a nice picture of the children opening Christmas presents. Stepping onto the Grilling Porch, you will find the perfect gathering space for spending time in the great outdoors. Barbecues have never been easier! Back inside, there is plenty of space for a sizeable dining table in front of the Kitchen, but if one is not needed, the eat-at island will certainly do the trick. A vaulted ceiling accentuates this open floor plan, as well as the natural light coming in from

the front- and rear-facing dormers. The walk-in pantry is sure to please even the most elaborate chef, and a convenient half bath is found down the hall to the right.

At the very end of this hallway is the Master Suite of Millcreek Place. The spacious master bedroom boasts a vaulted ceiling, and the bank of windows to the right offers plenty of natural light, while the front-facing windows create a cozy alcove that would be perfect for a window seat. Barn doors lead you into your huge walk-in closet and Master Bath, which features a dual sink vanity, free-standing tub, and large corner shower. Head downstairs to the perfect space for the kids or visiting grandkids! To the right of the landing, you will find a large Bonus Game Room, while the left side houses a Bunk Room/TV Area with two built-in bunk beds. From here, you can access the Covered Porch, and a full bath with a private toilet/shower room will cut back on those pesky sibling fights. How would you customize this amazing house plan?
