Description

MEN 5408

From award-winning designer Michael E. Nelson comes the newest addition to our Craftsman House Plan Collection, Sagecreek Place. This one of a kind plan offers both rustic curb appeal and luxury home elements. The covered front porch offers the perfect frame for the vaulted entryway. Complimenting the large picture window at the front of the home plan, the arched front doors create a homey touch for your future guests. Upon entering Sagecreek Place, you're greeted with a stunning open floor plan featuring the dining room, kitchen, and great room. Not only does the dining room offer tall elegant ceilings, but it is also illuminated by all of the natural light coming in the front of the home plan. Next stop, you're greeted with a large eat-at kitchen island opening up to the luxurious open kitchen. With tons of cabinet storage, Sagecreek Place

has the kitchen of your dreams. Speaking of natural lighting, wait until you take a peek at the Great Room featuring tall vaulted ceilings, a tall stone brick fireplace, and an entire wall of sliding glass doors overlooking the covered grilling porch. This 3 bedroom house plan could easily be modified into a 4 bedroom house plan with the added bonus room upstairs. And if that weren't enough, the home office, Jack and Jill bathrooms, and large walk-in closets are sure to make this the house plan of your dreams for years to come! Who else is ready to build MEN 5408 - Sagecreek Place?
