Description

Riverbend Cabin – Appalachian Trails (MEN 5469) by Michael E Nelson Designs

Settle into the essence of mountain-lodge living with Riverbend Cabin – Appalachian Trails (MEN 5469), where rustic charm meets architectural detail. This striking 2.5-story retreat spans approximately 3,798 sq. ft., featuring 4 bedrooms, 3 full bathrooms, and 1 half bath—crafted for family gatherings and memorable escapes.

At its heart lies a dramatic great room with cathedral ceilings and a stone fireplace, offering a cozy yet grand gathering space. An open-concept layout ensures seamless flow between the kitchen, dining, and living areas—ideal for hosting lively dinners or enjoying quiet mornings with loved ones.

The expansive wrap-around porch invites panoramic views and relaxed outdoor living, extending the home's living area into nature. A front-loading two-bay garage adds everyday convenience without disrupting the cabin's rustic harmony.

This design balances warmth and scale—perfect as a lakeside retreat, mountain hideaway, or conversation-starting primary home. With its blend of architectural gravitas and everyday livability, the Riverbend Cabin – Appalachian Trails offers a sanctuary that's as functional as it is enchanting.
