Description

NDG 1434

A stunning addition to our European House Collection, Arlington Falls showcases arched windows and entryways throughout for a truly European exterior. Stone accents contrast with the brick to call attention to the covered front porch, inviting you and your friends and family to relax. The Foyer welcomes you with a view of the theater balcony above and the Great Room beyond. The Great Room features a fireplace and is open to the Kitchen and Dining Room with a pass-thru wall between the Great Room and Kitchen. The Kitchen allows for casual snacking and chats with the cook at an eat-at high bar, while the center prep island and huge walk-in pantry are sure to satisfy even the most elaborate chef. Nearby is the Guest room with a full bath and walk-in closet, and around the corners are a spacious laundry room, hobby room (which can also double as a safe

room), half bath, and computer room.

On the opposite side of Arlington Falls, your Master Suite awaits! The spacious bedroom has private access to the rear covered porch, which extends into a large Outdoor Living Space behind the Dining Room, complete with a woodburning outdoor fireplace and outdoor grilling kitchen. Continuing into the Master Bath, you will find his and her vanities with a makeup station, a corner whirlpool tub, glass shower with a seat, and his and her walk-in closets that are sure to hold all the wardrobe essentials and more! Two separate staircases lead upstairs, 3 bedrooms, theater balconies overlooking the Foyer and Great Room, and a spacious TV Room with a walk-in closet, perfect for storing DVDs and board games. All the bedrooms have sizeable walk-in closets, and Bedroom 4 boasts its own private bathroom, while Bedrooms 3 and 5 share a Jack and Jill bath. This gorgeous plan also has attic storage and a side-loading 3-car garage. How would you customize this amazing house plan?
