Description

NDG 1290

A stunning addition to our European House Collection, Cascata pairs luxury with sophistication together, both inside and out. Upon entry, the grand Foyer and staircase greet you in a most impressive fashion, with the massive balcony above. Through an arched opening, you will enter into the Great Room, where a rear fireplace offers a great place for the kids to open presents Christmas morning, and optional built-ins provide space for a potential media center. Just behind the staircase, a wet bar complete with a fridge and ice machine will make entertaining in this space so easy! Two stone arches make for a breathtaking entry into the open Kitchen and Breakfast Room. The Kitchen will be a popular gathering spot with a center prep island and ice maker, large wrap-around island bar with seating, and a computer center. Separating the Kitchen from the

Dining Room is a butler's pantry, and the Breakfast Room also doubles as a Sunroom, with cozy bay windows and French door entry to the Outdoor Living Space.

Moving to the left wing of Cascata, the Master Suite is a sight to see, with a gorgeous 16-foot ceiling and private access to the screened-in Patio. Attached is the enormous Master Bath, featuring a claw foot tub, large shower with a bench, fireplace, a stacked washer/dryer, and 2 huge walk-in closets. Upstairs are Bedrooms 2, 3, and 4 all having walk-in closets and full private bathrooms. French doors open to a Craft Room with two desks, and a theater balcony makes for a stunning walkway while also allowing you to call the kids for supper with no hassle. There's also a Home Theater and an additional laundry room for more convenience. Other features of this home include a mudroom entry to the 4-car garage with storage lockers, two half baths, walk-in pantry, and main level laundry room.
