Description

NDG 750

A stunning addition to our French Traditional House Collection, Cherry Street has a charming brick exterior with a gorgeous arched entry for excellent curb appeal. Round columns framing the front porch welcome your guests into a large, vaulted Foyer, and the spacious Great Room ahead, boasting a cozy fireplace and optional media center, is sure to be the envy of all who see it. To the left, you'll find your step-saving Kitchen, complete with tons of counterspace, a center prep island, and an eat-at bar top. The Breakfast Room shares the space with the Kitchen and is tucked away beside a cozy bay window looking out to rear of the property. Accessible from here is also a charming Grilling Porch, perfect for spending quality family time outdoors. The gathering continues in the formal Dining Room, which you can easily access from the Kitchen through a convenient

butler's pantry.

At the end of the day, retire to your Master Suite on the left side of Cherry Street. A 10-foot boxed ceiling makes the bedroom feel even more spacious, and the Master Bath features all the amenities you can ask for, with a corner whirlpool tub and separate shower, his and her vanities, and a huge walk-in closet. Nearby is the Laundry Room, as well as entry to the 2-car garage, making chore day and morning rushes easy! On the opposite side, overnight guests can immediately access their quarters to the right of the Foyer, with a walk-in closet and private access to the adjacent hall bath. Two additional bedrooms are located just off the Great Room and share a Jack and Jill style bath with dual vanities and a private toilet/shower room. How would you customize this amazing house plan?
