Description

NDG 1421

A stunning addition to our European House Collection, Adeline Place contrasts stone material with stucco and brick accents to create an exterior that complements the castle-like detail of a turret. Inside, a brief Foyer leads way to the Study/Media Theater, where guests can take a peek at the grand interior of this turret. Ahead, a massive Great Room boasts a fireplace flanked by built-ins for ultimate gathering, and a shared ceiling with timber beams allows it to flow seamlessly into the Kitchen and Breakfast Room. The large Kitchen features a prep island, as well as an eat-at island bar, perfect for gathering and meal prep or cleanup at the same time. The rear wall of this space looks out onto the Outdoor Living/Grilling Porch, where you have the option to add warmth to the space with an additional fireplace.

On the right side of Adeline Place, you will enjoy the Master Suite and all its amenities. The huge master bedroom boasts an 11-foot boxed ceiling and privately accesses the rear porch. The Master Bath is nothing short of luxury, featuring dual vanities, a corner glass shower with a seat, large corner whirlpool tub, and spacious walk-in closet. Sharing the hallway is the Laundry Room with a soaking sink and storage closet, as well as entry to the 3-car garage. Bedrooms 2, 3, and 4 are on the other side of the house, with Bedrooms 2 and 3 enjoying two step-in closets and a Jack and Jill bath with a dual sink vanity and private toilet/shower room. Bedroom 4 lies adjacent to the hall bath just off the Great Room. A large Bonus Room located over the garage is also available to suit any of your needs.
