Description

NDG 951

A stunning addition to our Heritage House Collection, Ambrose Boulevard features an arched entryway with contrasting materials to create a warm, welcoming exterior. Upon entry into the Grand Foyer with the open floor laid out before you, you will be overwhelmed with the charm of this design. The expansive Great Room showcases a fireplace and large media center while lending easy access to the Kitchen. A curved eat-at island bar separates these two spaces, and the open Hearth Room allows for pleasant evenings spent around the fire with family. Step out onto the cozy Grilling Porch to enjoy the birds chirping and great company. Your guests will appreciate the convenience of the half bath just outside the Hearth Room, and a private computer center is the perfect space for a small home office space that is never too far from the family. Off

the kitchen, a Kids's Nook with access to the Laundry Room offers a functional mudroom entry to the 2-car garage. On the opposite side of Ambrose Boulevard, you will find your Master Suite, where the master bedroom offers plenty of possibilities and even features private access to the rear Grilling Porch. The luxurious Master Bath boasts all the amenities, including a whirlpool tub below a stunning vaulted ceiling, glass shower with two seats, and a huge walk-in closet. Upstairs, you can revel in the view from either theater balcony before heading into your Home Theater or tucking the kids into one of the three bedrooms.
