Description

NDG B1041

A stunning addition to our Barna Log House Collection, The Le Conte has a breathtaking exterior, created by warm wood and beautiful picture frame windows looking out to an expansive porch/deck. Upon entry, you will be able to see the entire open floor plan from the Foyer. The Living Room invites you to cozy up beside the fire with family, while the Dining Room offers space for large gatherings while still being open to the Kitchen. The Kitchen is very spacious, featuring tons of counterspace, a charming Breakfast nook with a bench, and a center prep island. You can even access a small Grilling Porch here. The whole right side of this space enjoys tons of natural lighting, and the left of the Living Room leads way to an Office space with a desk, half bath, and a Laundry Room serving as a mudroom entry to the 2-car garage.

At the very rear of The Le Conte, you will find your expansive Master Suite. The master bedroom enjoys a great view of the side porch and has private access not only to the rear Covered Porch, but also to a lovely Gazebo! Moving to the left, a brief entryway flanked by walk-in closets lead you into your huge Master Bath, complete with dual vanities, a whirlpool tub, and separate shower. Upstairs is perfect for the kids! An expansive Loft opening to the Living Room below would be a great playroom/game room. Bedroom 3 is more spacious in size than Bedroom 2 and boasts a cozy dormer window, as well as a private bath with dual vanities, a bath, and a separate room housing a linen closet, shower and toilet. Bedroom 2 lies adjacent to a hall bath. How would you customize this amazing house plan?

NOTE: Barna plans are intended for log exterior walls. Converting these to 2X6 exterior walls requires modification and will be subject to additional modification cost.
