Description

NDG B1030

A stunning addition to our Barna Log House Collection, Etowah takes you straight into the Living Room from a charming front porch. The Living Room features access to the side Deck and joins with the Dining Room, which enjoys a great ambience of natural light from the bank of windows to the right. The loft line from above seems to separate these spaces from the Kitchen, which has tons of counterspace, a wall of open cabinets, a center island, and a large walk-in pantry that accesses the Laundry Room. The Laundry Room serves as entry to the cozy Grilling Porch, ensuring any dirt that may be brought in is limited to one space.

The left side Etowah is occupied by your Master Suite. The spacious master bedroom features a

walk-in closet and front-facing windows for great natural lighting, as well as entry to your own private Deck! Enjoy peaceful nights outdoors with your partner before relaxing in your Master Bath, which features a tub and two separate vanities, one of which is privately located in the toilet room. Upstairs is perfect for the kids or overnight guests, with a spacious Loft overlooking the Dining Room and Living Room below. An 8-foot post separates this space from a Study/Office that is tucked away behind the stairs. Bedroom 2 is decently sized with a modest step-in closet, and a full bath with dual vanities lies adjacent. How would you customize this amazing house plan?

NOTE: Barna plans are intended for log exterior walls. Converting these to 2X6 exterior walls requires modification and will be subject to additional modification cost. Contact one of our home plan specialists today to discuss modification requirements by emailing
