Description

NDG B1033

A stunning addition to our Barna Log House Collection, The Crestview welcomes you inside through a classic wrap-around porch below three gable dormers. Upon entry, you will step into the Foyer, which leads way to the Kitchen and stairs straight ahead, as well as the Great Room to the left. A cozy fireplace and windows throughout make this space perfect for gathering, and the Dining space is partially open to both the Great Room and Kitchen, allowing for formal meals while also making it part of the open floor plan. The Kitchen has tons of counterspace and a large center island with a gas stove, and nearby you will find a spacious Laundry Room with access to the rear deck, as well as a half bath.

On the right side of The Crestview, your Master Suite awaits! Step inside from the Foyer hallway and bask in all the natural light its windows provide, including a cozy bay window with a view of the side porch. You also have private access to this porch, perfect for enjoying pleasant evenings with your partner. The walk-in closet has plenty of space for all your wardrobe essentials, and the Master Bath is sure to help you relax the day away, with a whirlpool tub, separate shower, and dual vanities. Upstairs is perfect for the kids, with a balcony overlooking below and leading way to Bedrooms 2 and 3, as well as the full bath in between. Both bedrooms have tons of space with a cozy dormer, two step-in closets, and attic space for storage. How would you customize this amazing house plan?

NOTE: Barna plans are intended for log exterior walls. Converting these to 2X6 exterior walls requires modification and will be subject to additional modification cost.
