Description

NDG B1014

A stunning addition to our Barna Log House Collection, The Monterey exhibits a vibrant curb appeal that gives your guests a warm welcome inside. Entering from the front French doors leads you into the large Great Room, where a cozy stone fireplace makes this space perfect for gathering. The rear of the home leads way to the large Dining Room, which provides plenty of space for a sizeable dining table. The nearby pantry is perfect for storing extra cooking essentials or all the fancy plates and cutlery. To the right is your lovely Kitchen, complete with a center eat-at island and access to the Deck, which has more than enough space for an outdoor table and chairs. Back inside, you will be delighted with your private Master Suite, located on the left side of The Monterey. With private access to the front Deck and tons of space for additional furniture, the

master bedroom is sure to please. The walk-in closet will hold all of your wardrobe favorites, and the adjacent Master Bath has all the essentials, including a whirlpool tub, separate corner shower, and dual sink vanity. Another space to admire, the upper level houses two large bedrooms. Bedroom 2 has tons of closet and attic space, and both lie adjacent to the hall bath. This whole upper space is open to the Great Room below, making it so easy to call the kids down for meals! How would you customize this amazing house plan?

NOTE: Barna plans are intended for log exterior walls. Converting these to 2X6 exterior walls requires modification and will be subject to additional modification cost.
