Description

NDG B1004

A stunning addition to our Barna Log House Collection, Brookside pairs a warm wood exterior with a stone chimney and classic front porch for charming curb appeal. Inside, you will immediately find yourself in the huge Great Room with stairs leading to the upper level. The Great Room enjoys plenty of natural lighting, not only from surrounding windows but also from a pair of skylights high above! The space is sure to be a big hit, with a cozy fireplace and access to the rear Deck outside. To the left, you can step into the Kitchen/Dining area, which features a center island holding a gas stove and access to the washer and dryer. Continuing down the hallway, you will find a spacious bedroom and adjacent full bath. Taking the stairs will lead you up to a brief Loft overlooking the Great Room below with a view of the skylights. A door to your left leads you into your private

Master Suite, complete with a large walk-in closet and attic space. On pleasant evenings step out onto the balcony-style Deck to watch the sun set with your partner. Then relax your stress away in your Master Bath. How would you customize this amazing house plan?

NOTE: Barna plans are intended for log exterior walls. Converting these to 2X6 exterior walls requires modification and will be subject to additional modification cost.
