Description

NDG B1003

A stunning addition to our Barna Log House Collection, The LaFollette welcomes you inside with stone steps leading up to a charming front porch framed by light wood logs. Step inside to the open floor plan, which joins the Great Room and Kitchen/Dining spaces into one. The Great Room allows for pleasant evenings spent with family around the stone fireplace, while the Kitchen/Dining offers even more opportunities to gather. The left side of The LaFollette houses your Master Bedroom, as well as Bedroom 2. The Master Bedroom has two equally sizeable closets and is located across from the hall bath and washer/dryer. Upstairs would be a great space for a teenager in need of their own space, with a spacious bedroom, a large closet, two attic spaces, and a full bath. How would you customize this amazing house plan?

NOTE: Barna plans are intended for log exterior walls. Converting these to 2X6 exterior walls requires modification and will be subject to additional modification cost.
