Description

NDG B1039

A stunning addition to our Barna Log House Collection, The Winfield paints a picture of old times, when everyone knew your name and greeted you as you passed by. Climbing up the stone steps, you enter inside to a peaceful Great Room, characterized by a cozy stone fireplace. The open floor plan joins this space with the Kitchen and Dining Room, further emphasizing the atmosphere of old times. A bar top counter with seating for 4 encourages even more family gathering, and the Grilling Porch offers a great space for outdoor dining and watching the kids play. To the right of the Kitchen is a small mudroom, complete with a washer/dryer, linen closet, and access to the half bath in the opposite hall. This hall leads way to the huge Master Suite of The Winfield, complete with a spacious walk-in closet and two banks of windows providing plenty of natural light. Your en-

suite Master Bath is nothing short of luxury, including a dual sink vanity, corner whirlpool tub, and separate shower. The upper level is complete with two additional bedrooms and a full bath to share. How would you customize this amazing house plan?

NOTE: Barna plans are intended for log exterior walls. Converting these to 2X6 exterior walls requires modification and will be subject to additional modification cost.
