Description

Summertime was always a much anticipated time especially since their new cabin was complete. Set within many acres of heavily wooded area the rush of a nearby creek was the most coveted place they knew. As mom and dad fished upstream the kids splashed around on the flat rocks and tiny streams catching tadpoles just the same. Wonderful memories like these are just the beginning of a lifetime full of fun-filled summers and peaceful multi-colored autumn weekends...at Brushy Creek II, their most favorite place under the sun.
