Description

NDG 230

A stunning addition to our European House Collection, The Andrew is a gorgeous brick and stone home boasting elegant architectural details on the exterior. The main entrance, windows, and garage door are all arched, and the hip-gable over the 2-car garage is accentuated by shake siding. Entering through the Foyer, you'll find an inviting Great Room with a fireplace and a Dining Room with 12" timber columns in two corners. The great room opens to the Kitchen with a large eat-at bar, and a cozy Breakfast Room allows for easy access to the relaxing Screened Grilling Porch, complete with its own corner fireplace. The Master Suite at the left of The Andrew features a 10' boxed ceiling, and a large window welcomes in all the natural light allows for gentle morning waking. Moving toward the front of the home plan is the Master Bath, which enjoys a whirlpool tub,

a dual sink vanity, and a massive walk-in closet at the very end. Two more bedrooms on the other end of the home share a bathroom in between, with a double sink vanity and a private toilet/shower room. A Bonus Room over the garage is perfect for a home theater or game room. How would you customize this amazing house plan?
