Description

This stunning European style house plan is sure to catch the eye of anyone looking for a luxurious and elegant home design under 3,000 square feet of living space.

The mixture of stone and brick siding is perfectly done to accent the architecture of the home while not looking too "busy". Arched windows flanked by wooden shutters are complimented by the arched garage doors and arched entryway. High rooflines feature elegant finials as the perfect "cherry on top" for the street appeal of this house plan.

Making your way inside the home you will find yourself in the spacious foyer. To the left is the formal dining room and straight ahead is the open living space.
