Description

This home is extremely practical to build because of its simple box design and spacious interior. For added luxury ten-foot ceilings are used in the Foyer, Great room and Master suite allowing natural light to flow throughout. The Great room features a fireplace nestled between built-ins and an abundance of windows to enjoy a lovely rear view. Nearby is a breakfast bay area open to the kitchen and cozy hearth room including a convenient computer center with nearby storage closet. The opposite side of this home includes a private master suite with boxed ceiling and French door entry to a bathroom full of amenities. An impressive staircase in the great room leads up to a full bath, extra large bedroom and spacious game room with options galore.
