Description

NDG B1013

A stunning addition to our Barna Log House Collection, The Eagle Ridge is sure to give you that cozy atmosphere you've been looking for in a home. Welcomed by a wrap-around deck, you will step into the home through a unique entry, coming into the large great room. A stunning fireplace pairs with a sitting area beside a bay window across the room to add warmth to this space.

Straight ahead is the spacious kitchen, where an angled eat-at bar separates it from the dining room. Between the kitchen and great room spaces is a brief hallway to the left. Here, you will find a functional laundry room across from a convenient half bath, as well as stairs to the upper level.

At the very end of the hall is the luxurious yet functional Master Suite. Space is no issue in this bedroom, and three large windows allow for plenty of natural lighting. Toward the rear of The

Eagle Ridge home plan in this room is a double sink vanity. Looking to the right from here, you can access a spacious walk-in closet, while the master bathroom is located to the left. Upstairs is a great space for the kids to share, with a loft at the very center. To the left is Bedroom 2, while Bedroom 3 lies toward the rear of the home. Although both bedrooms enjoy plenty of attic storage space, Bedroom 3 holds a moderate walk-in closet. The second full bathroom is conveniently located just ahead of the landing and adjacent to both bedrooms. How would you customize this amazing house plan?

NOTE: Barna plans are intended for log exterior walls. Converting these to 2X6 exterior walls requires modification and will be subject to additional modification cost.
