Description

NDG B1013

A stunning addition to our Barna Log Home House Collection, The Olympiad will make you feel right at home, from your first look at its exterior to your venture inside. Entering from the right side on the wraparound deck, you reach a brief foyer area, which leads to a cozy living room. An optional wood stove continues the rustic charm of this home's exterior to the interior even more, and large windows all around the open floor plan allow for a picture view of the outdoors to enhance your relaxation. From the living room, you can access both the kitchen and formal dining room. The Kitchen features a center eat-at island for casual meals, and access to the grilling porch ensures easy outdoor meal prep. To the left of the kitchen is entry to the Master Suite and a full

bathroom. Upstairs you will find a spacious loft open to the living room below. This space is perfect for the kids! Two bedrooms lie on either side of this loft, each with their own private deck and ample attic space. The second full bathroom lies to the left of the loft and maximizes space with a washer and dryer inside. How would you customize this amazing house plan?

NOTE: Barna plans are intended for log exterior walls. Converting these to 2X6 exterior walls requires modification and will be subject to additional modification cost.
