Description

NDG 1414

A stunning addition to our Heritage House Collection, Knobel Lane has an exterior full of charming details, from the metal shed roofs to the brackets in the gables. Down the foyer hallway is the large Great Room, which opens to the kitchen and breakfast room. French Doors lead way to the grilling porch, and a cozy fireplace adds a cozy atmosphere to this open space. The breakfast room lies beside a bay window and below a vaulted ceiling, adding an element of charm to your mornings. The spacious kitchen ahead features a high bar with seating for 4, a center island with sink, a walk-in pantry, and easy access to the formal dining room, where a vaulted ceiling offers a fancy atmosphere for your meals.

Main Level Master Suite

On the left side of Knobel Lane, you will find a guest room/study with private access to the hall bathroom. The Master Suite, located at the rear of the home, features a 9-foot boxed ceiling and privately accesses the grilling porch. The master bath will spoil you with a corner whirlpool tub under a window, a glass shower with a bench seat, and a huge L-shaped walk-in closet equipped with a fold-down ironing board.

Upper Level Living

The upper level of Knobel Lane holds two more bedrooms with walk-in closets and two full baths. Although Bedroom 2 has the smaller closet, it enjoys private access to one of the hall baths. This bathroom features a double vanity and a separate toilet/shower room. Across the hall is second full bath, and down the hall, an elegant theater balcony overlooks the great room. The bonus/media room over the garage offers tons of possibilities for entertaining the kiddos. How would you customize this amazing house plan?
