Description

NDG 1448

A stunning addition to our European House Collection, Auburn Cove showcases an arched entry and arched windows paired with a brick, stone, and shake siding exterior. The open floor plan plays into the family friendly Great Room with its vaulted ceiling, fireplace, and access to an optional screened/grilling porch. This space opens to the breakfast room/kitchen combo, which features an eat-at island bar and plenty of counter space. A formal dining room is also open to these spaces and the foyer, offering your meals a sense of casualness while also allowing for a separation from the meal prep environment. The right side of Auburn Cove holds the Master Suite, where a beautiful vaulted ceiling accentuates the large space of the master bedroom. The master bath, accessed upon entry, offers the ultimate relaxation experience, with a corner glass shower, a

whirlpool tub, separate vanities, and a large walk-in closet. Sharing this wing, at the front of the home plan, guests will enjoy the privacy of their own bedroom with a walk-in closet and adjacent full bath. Two bedrooms are located on the opposite side of the home as well as a shared bath in between. A large bonus room is also located above the 2-car garage and a separate single garage bay lies to the left of the home. How would you customize this amazing house plan?
