Description

NDG 1416

A stunning addition to our European House Collection, The Fontana is a gorgeous brick and stone home with elegant, French Country accents throughout the exterior. The main entrance, windows and garage door are all arched and the hip-gable over the garage features shake siding. Entering into the Foyer, separated from the Dining Room by 12" timber posts, you'll find an inviting Great Room with a fireplace below a breathtaking vaulted ceiling. The Great Room is open to the Kitchen by a large eat-at bar, offering a great place to gather, even during meal prep. A cozy Breakfast Room accesses the relaxing Screened Grilling Porch, complete with its own corner fireplace. The left wing of The Fontana is occupied by the luxurious Master Suite. The spacious master bedroom enjoys a lovely view of the backyard, as well as a 10-foot boxed ceiling. Moving toward the front of

the house plan is the Master Bath, which features a whirlpool tub, dual vanities, and an enormous walk-in closet with its own fold-down ironing board. On the opposite side of the home, Bedrooms 2 and 3 mirror each other, with Bedroom 2 located toward the front and Bedroom 3 the rear of the home, and share a Jack and Jill bathroom in between. At the rear of The Fontana, you will find Bedroom 4, which not only enjoys access to the screened grilling porch, but also has a private full bathroom. Upstairs is a Bonus Room over the 2-car Garage that is perfect for a home theater or game room. How would you customize this amazing house plan?
