Description

This is one of many home plans that Nelson Design Group, LLC have that compliments every necessity for a family. The large front covered porch welcomes into the foyer, where you will find the dining room, flanked with columns at its entrances, on the right and the Great Room straight ahead. The spacious Great Room features a fireplace and access to the rear covered porch. The large kitchen provides plenty of counter space with an island and an eat-at peninsula bar. The large master suite features 2 walk-in closets and a claw-foot tub. The family will appreciate the mud room/kid's nook in between the garage and laundry room. Upstairs are 3 more bedrooms with a walk-in closet in each, and a full bath.
