Description

NDG 1284

A stunning addition to our Traditional House Collection, Natalie contrasts elegant round top windows and a black shake gable with a white brick exterior to create spectacular street appeal. Inside, columns placed in the Foyer gently wrap around the Dining Room, which features a 10-foot-high ceiling. Ahead, the Great Room lies below a stunning boxed ceiling, where many nights are sure to be spent gathered around the cozy fireplace. The Kitchen/Breakfast Room combo opens to this space and features an angled eat-at bar top, a computer desk that allows for a mixture of work and family, and access to the Grilling Porch. Immediately to the left, you will find the Master Suite of Natalie. The master bedroom boasts a 9-foot boxed ceiling, and walking into the Master Bath, toward the front of the home, you will enjoy luxuries of a dual sink vanity, a whirlpool tub and

separate shower, and a large walk-in closet. On the right side of the home are Bedrooms 2 and 3, which share a hall bath in between. Bedroom 3, the front bedroom, enjoys lots of natural light due to a vaulted ceiling and tall round top window, as well as extra closet space. An optional Bonus Room above the 2-car garage allows for present or future living space. How would you customize this amazing house plan?
